

iCLARO!

Chemours Latin American
Resource Organization

Future of Chemistry Scholarship Program for Hispanic Students

Overview

The Chemours Latin American Resource Organization (iCLARO!) was formed in 2015 and is comprised of over 120 members throughout the United States. CLARO's mission is dedicated to celebrating and strengthening the Latin American community within Chemours by offering effective support through personal growth and professional development. CLARO members embrace our heritage, celebrate it with our colleagues and engage with Latin American organizations within our communities. We strive to attract and help retain top Latin American talent.

Scholarship Mission

CLARO's goal is to help Hispanic students planning to pursue studies in STEM. In an effort to increase diversity in these fields—including more specifically the representation of Hispanic or Latinx individuals in STEM and STEM-related fields, CLARO hopes to help students meet the financial challenges associated with college.

In 2022, we are funded to award
5 qualified students **\$5,000** each.

Criteria

In order to be considered for the [iCLARO! Future of Chemistry Scholarship](#), applicants must meet the following criteria:

- Applicants must be of Hispanic or Latinx ethnicity and completing or have completed high school successfully with a minimum GPA of 3.0 on a 4.0 scale.
- Applicants must be accepted as a full-time student at a college or university for the upcoming academic semester. If scholarship money is awarded, this is the only program that will receive the funds on behalf of the applicant.
- Applicants plan to pursue studies in a field associated with STEM. Students in pre-medical programs who intend to go to medical, nursing, physician assistant or similar schools are not eligible for this scholarship.
- Applicants must be a citizen or legal permanent resident of the United States.
- Applicants must complete and submit a Scholarship Application by **March 15, 2022**.

Application Deadline is March 15, 2022

Scholarship hopefuls must email their completed applications and all supporting documentation to CLARO.Chemours@Chemours.com by March 15, 2022.
